

MURDER MOST FOUL.

Contractor Ferguson Well Known in This City Killed by Dynamite.

Was on His Way to Pay Off Laborers When the Hidden Mine Exploded. Crime Was Ingeniously Executed. The Murderers Secured \$3500.

Washington, Pa., Sept. 26.—Up to eleven o'clock today there were no further developments in the dastardly crime resulting in the murder and robbery of contractor Ferguson, on the west Middletown road yesterday afternoon.

The two men, who were apprehended as suspects of the deed, are now in the Washington jail. They were known as Frank Francis and Joseph Huston, former employees at the Ferguson camp. They disclaimed knowledge of the crime, and said that on Thursday night they slept in the school house, about four miles northwest of this place, and on the main road to west Middletown they say they can prove that they did nothing to do with the robbery of the tool house which was entered by the men who fixed the fuse that led to Ferguson's death. The abandoned mine on the Patterson farm, on the scene of the tragedy, which was supposed to have been used as a hide by the criminals, was closely guarded all night, and this morning was thoroughly explored without any evidence being discovered that the men had been hiding there and the searchers left satisfied that the mine was empty. Early today John Welsh, resident of West Middletown found a satchel in which Contractor Ferguson had carried the money. It was filled with the roll of bills amounting to about \$3,500. Some twenty dollars in her were left in it; also some valuable papers. A coat and collar were found but it is not known to whom they belong. Mr. Welsh found the satchel at ten o'clock this morning in a corn field a little north of the scene of the explosion. It had evidently been rifled shortly after the tragedy by the man who was seen by Louis Leggett, the farmer working near the scene, and who guarded his pasture with a drawn revolver and was allowed to go unmolested for that reason.

Mr. Martin, the bookkeeper of the Ferguson Construction Co., who was in the buggy with Mr. Ferguson, and was seriously injured, did not rest well last night, and this morning was complaining of pain in his side. The excitement in Washington county is very high, and general indignation is expressed. No such crime, so ingenious, so scientifically executed and so tragic in its results has ever been recorded in this section. Many citizens formed independent searching parties and went on the trail of the fugitive desperado. The sheriff of Washington county, with the commissioners, left here at an early hour today for West Middletown to confer with the officers of the Ferguson Construction Co. as to the further steps that are to be taken in the matter of the outrage and search for the criminals.

Reward Offered.

Washington, Pa., Sept. 26.—This afternoon, a reward of \$2,000 was offered by the county commissioners and the Ferguson Co. for the arrest of the guilty parties.

Dr. McCullough, of Carnegie, came to Washington today to inspect the fatal mine ten minutes before Contractor Ferguson was killed and saw two men in the roadway, who, he thinks, were the criminals.

He was positive he would know them again. After looking at the prisoners he declined to say whether he had identified them or not. Sheriff Carothers believes that the work was done by professional crooks who had preceded Ferguson on the day before from Pittsburgh. What leads color to this is the fact that late on Thursday evening the tool house at the camp was broken into and the dynamite and wire, with the shot gun was stolen from there.

The dead man was one of the best known railroad contractors in the country.

A VENERABLE JURIST DIES.

Judge Wylie of Louisiana Passes Away on Board Steamer St. Louis.

New York, Sept. 26.—Wm. Gillespie Wylie, of New Orleans, La., justice of the supreme court of Louisiana, aged 72 years, died of pneumonia on the steamer St. Louis, about midnight last night. Judge Wylie was ill when he boarded the steamer, which arrived here today from Southampton. The St. Louis, stopped one of her engines early Tuesday, and after several hours, started the engine again, but at her usual speed. One of the passengers attempted to send a story shore by wireless telegraph, saying

that the engines broke down and that a panic occurred among the passengers. The message was held up by the ships censors. The officers denied that there was a panic. They said the journals were overheated which caused the delay.

The Lucania was in wireless communication with other vessels all the way across the Atlantic including La Bretagne, La Morraine, the St. Louis, Campania, Moltke, Vaderland, Minnetonka, Saxonia, Philadelphia and Auguste Victoria.

SHIPS WILL STAY FOR PRESENT.

Washington, D. C., Sept. 26.—With the arrival of the American warships from Beirut seems unlikely for the present view of a cablegram received at the state department today from Minister Leishman, at Constantinople, stating that although his advisers from Beirut indicate that the situation is not just now, nothing like permanent order has been established. He says that the state of affairs there is yet to be regarded as uncertain. It is indicated in Mr. Leishman's telegram that the departure of the

warships might be the occasion for a renewal of the riots. This confirms the opinion held here by state department officials that the quiet at Beirut is due directly to the presence of American warships off that port. Minister Leishman adds that the new governor of Beirut is actively inaugurating reforms there but that it cannot be certain he will be able to handle the situation. How far he has the backing of the ports in his activities in behalf of foreigners and their interests is not stated.

FATHER LAID HIS DAUGHTER

Across His Knee, and Whipped Her by Order of the Court.

New York, Sept. 26.—By order of Recorder Lazarus sitting at Bayonne, N. J., Katie Cantor, 9 years old, has been publicly whipped in court by her father. The latter laid his offspring across his knee and applied fifty lashes with a cat-o-nine-tails while an audience which included fifty women, looked on. The victim confessed having stolen eggs from the grocers and taught her playmates to help themselves in the Bayonne stores to all sorts of trinkets.

ARBITRATOR NUMBER THREE.

Czar Appoints Man Who Has Seen Service in This Line of Work.

The Hague, Sept. 26.—The Czar has appointed M. Demartens, professor of international law, at the university of St. Petersburg, to be the third arbitrator in the claims of the allied powers against Venezuela, for preferential treatment, in place of the Portuguese appointee whose illness has precluded his serving.

Professor Demartens was one of the arbitrators in the Pius fund claim. In December last, the professor was awarded the Nobel peace prize. The other arbitrators in the case of the Venezuelan claims are M. Mouravieff, the Russian minister of justice, and Prof. Lammach of Austria.

VERDICT WILL BE THAT SHE SUICIDED.

Cleveland, Ohio, Sept. 26.—At the conclusion of the inquest into the death of Olive Rayl, whose mangled body was found on the Lake Shore track at Gordon Park, Deputy Coroner Houck said that death was due to suicide. The coroner's official verdict however, has not yet been rendered.

AN EVENTFUL CAREER ENDS.

Foremost of Pioneer Jurists of California Lays Off Burden at Eighty-seven.

San Francisco, Sept. 26.—Noble Hamilton, one of the foremost of the pioneer jurists of California, has just died here at the age of eighty-seven years. He was born in Lawrenceburg, Ind. and had an eventful career. After serving through the Mexican war he came to California in 1853 and since then has been a prominent figure at the bar. He was made supreme judge of Alameda county in 1881 and served on the bench for fourteen years. He was a prominent Mason.

ANOTHER SHUT DOWN IS VERY POSSIBLE.

New York, Sept. 26.—Another general shut down of all building operations in this city, directly involving more than a hundred thousand employees, is believed to be a possibility, owing to the refusal of the journeymen stone cutters to either sign the plan of the building trades employers or to work with members of new unions formed.

MAINE WILL TEST HER GUN EQUIPMENT.

Philadelphia, Pa., Sept. 26.—The battleship Maine, today, passed down the Delaware river, from the League Island Navy Yard, on her voyage to Culebra in the West Indies. The Maine was recently repaired at Cranston's shipyard. Upon her arrival at Culebra, the battleship's guns are to be thoroughly tested, and if they are satisfactory the Maine will start on a long cruise.

WHEEL MAKERS ARE GOING TO COMBINE.

New York, Sept. 26.—A meeting of leading car wheel manufacturers has been held in Atlantic City for the completion of details of the proposed combination to be capitalized at \$9,000,000. Its headquarters will be in New York and leading concerns throughout the North will be taken in.

LARGE NUMBER OF MEN ARE AFFECTED.

Chicago, Ill., Sept. 26.—An increase in wages to 3,000 employees of the twenty car and locomotive repair shops of the Chicago and Northwestern railroad, has been granted. The increase means an additional expense of \$300,000 a year to the company.

LOOKS LIKE SOLUTION.

Cleveland, O., Sept. 26.—A settlement of the differences between the Pittsburgh Steam Ship Co. and the Masters and Pilot's Association again seemed very near last, when the representatives of the latter organization went to session behind closed doors to consider whether they would receive Captain Frank Ray of the steamer Clemons, as a member. The Masters' and Pilots' at first declared the trouble would not be settled until Capt Ray was dismissed. Later, it was proposed that the latter be taken in as a member of the organization. This was the proposition taken under consideration by the masters and pilots with the prospect in favor of a settlement.

BOSTON WILL NEVER STARVE.

Statistics Show That Bean Crop Will Be Larger Than Ever Before.

Los Angeles, Cal., Sept. 26.—The Southern Pacific Railway estimates the bean output in the lower counties this year as 750,000 sacks, about 100,000 sacks more than any previous estimates. To Ventura and Santa Barbara counties are attributed, 600,000 sacks; to Los Angeles county 100,000 sacks; to Orange county 50,000 sacks. The surprising thing about the estimate is that the extra 100,000 bags are counted on from the Ventura district where a crop shortage has been confidently predicted.

HAMILTON HERE.

New York, Sept. 26.—Lieut. Gen. Sir Ian Hamilton, who participated in the defense of Ladysmith, arrived from Liverpool on the Lucania today.

CASE OF BROPHY IS

Still Causing Much Trouble in Sessions of Structural Iron Workers.

Park's Declares the Acts of His Followers Were Regular. If Buchanan Does Not Accept Them the Convention Will Go on Without Him.

Kansas City, Mo., Sept. 26.—President Frank Buchanan, of the International Bridge and Structural Iron Workers' again assumed the chair this morning and called the annual convention to order. He had issued a call last night for a meeting today in conclusion of the turbulent session which he adjourned without hour yesterday noon.

Before entering the convention, which is still being held behind closed doors, Mr. Buchanan refused to discuss any phase of the situation. Yesterday at his hotel, he had said that the session presided over by the Parks' crowd, which had unseated delegate Brophy, holding a proxy from Seranton, was unconstitutional, and it naturally was assumed that he would so hold when he should call the convention to order in regular session today. There were early indications that any such course would be stubbornly fought by the Park's element and Samuel Parks said before he led his delegation into the convention this morning.

"Our acts yesterday, were proper, and they will stand. If President Buchanan refuses to abide by them, the convention will go on without him."

It had been stated that J. W. Keller, a member of local union No. 2, of New York, would be expelled from the union for refusing to vote yes, to unseat Brophy, and when this action was taken, he would no longer be entitled to sit in the convention. Mr. Parks is credited with having sent the New York local officials a telegram to this effect requesting that Keller be expelled at tonight's meeting of the union in New York.

FRENCH FOREIGN OFFICE DECLARES

That Any Negotiations With Great Britain Concerning Morocco Do Not Go Beyond Question of a Good Understanding.

Paris, Sept. 26.—The French foreign office declares that any negotiations with Great Britain on the subject of Morocco, do not go beyond the question of a general good understanding. The officials flatly deny that France is entertaining plans for a protectorate over or a conquest of Morocco, and express surprise at the persistence of the press reports, attributing such plans to France, and asserting that Great Britain's consent has been purchased by concessions in Egypt. The utmost that could happen in the case of certain eventualities would be that France would exercise her right of assisting the sultan in policing the frontier districts.

Groundless Nonsense.

London, Sept. 26.—The British foreign office in denying the statement of the Paris correspondent of the "Daily Mail" that Great Britain and Spain had agreed to the establishment of a French protectorate over Morocco, characterizes the story as "groundless nonsense."

CONTEST HIS RIGHT.

Clash Between Court and Officers Who Refuse to Give Possession.

Heads of Departments Are Ordered If Attorney Bicknell Attempts to Show Authority to Shut Everything Up and Close the Offices.

Detroit, Mich., Sept. 26.—A special to the Evening News, from Sault Ste Marie, says:

"A deadlock between the officials of the Consolidated Lake Superior Co. and the representatives of Speyer Syndicate has developed, but for what reason, cannot be learned here at this time.

Mr. Bicknell, a Toronto attorney, arrived here yesterday, under orders from Speyer & Co., to take possession of the plants. Before his arrival, Mr. Coyne, assistant to the president had sent a circular through all the offices of the company, ordering the heads of departments to keep everything under lock and key, and to deny the authority of Speyer & Co. The heads of the departments are ordered that if the Speyer people enter the offices and attempt to show their authority to shut up everything and close the offices, giving the new comers nothing to work with. What the meaning of this is the officials of the Consolidated Co. refuse to state.

Mr. Bicknell and Mr. Coyne spent all of yesterday afternoon in conference but neither would state what had been accomplished.

There was no trouble last night

among the men who arrived from the north. They were inclined to be ugly upon their arrival because of what looked double dealing by the company in not having anybody at the train to meet them, as they said had been promised before leaving the woods. A mass meeting of the woodsmen was held in Barnes hall, and Mayor Plummer addressed them. He urged the men to be calm and face the situation with the best manner possible since it was unavoidable. He urged the men to take the employment offered them in other camps, leaving their time checks with responsible parties to collect the money when payment was made, and for ward it to those to whom it is due.

He also told the men that the company would provide food and shelter for those who needed it, and as a result, a large number of the men slept in the car barns last night. They were fed at the various restaurants, and although feeling sore over the entire transaction, seem inclined to be peaceable.

If the miners and other woodsmen who come in tonight are as peaceable as these are at the present time, trouble of a serious nature may be avoided.

BANKERS PUT BIG BARRIER

In Way of Reorganization of Iron Company, by Securing Receiver.

Toronto, Ont., Sept. 26.—The Central Trust Company trustees for Speyer & Co., have despatched Lawyer Bicknell, of Toronto, to the Soo to take possession of the works of the Consolidated Lake Superior Company. Steps will be taken to take the title and sell the property. A representative of the Central Company said that what was in this city today but would not confirm nor deny his appointment as receiver. No one here knows the grounds upon which the appointment of a receiver was based, but it is said the receiver was secured to arrange for the payment of wages of the employees of the plants. A meeting of the directors of the Consolidated Lake Superior Company, will be held later in the day.

ed B. F. Frackenthal Jr., president of the Thomas Iron Co., of Easton, Pa., receiver of the Canadian Subsidiary plant of the Consolidated Lake Superior Co. The receiver will have charge of all the plants of the company excepting the Trans-St. Mary Traction Company and the Michigan Lake Superior Power Company. Mr. Frackenthal was in this city today but would not confirm nor deny his appointment as receiver. No one here knows the grounds upon which the appointment of a receiver was based, but it is said the receiver was secured to arrange for the payment of wages of the employees of the plants. A meeting of the directors of the Consolidated Lake Superior Company, will be held later in the day.

STRUCK HIM IN THE FACE.

Policeman Beaten Into Insensibility by Negroes, and Fatally Shot.

Chicago, Sept. 26.—Policeman Dennis Fitzgerald was shot and fatally wounded early this morning at the corner of 44th street and Michigan Boulevard by one of two negroes whom he had stopped. While he was talking to the men, one of them struck him in the face with a pair of brass knuckles knocking him down and stunning him. While he lay on

the ground the negroes beat him nearly to death with his own club, and finally shot him with his own revolver inflicting a wound from which he cannot recover. After being taken to the hospital, Fitzgerald revived long enough to say that he knew one of the men, and that his name was Lewis Pilford. No arrests have been made as yet.

Motherhood is woman's natural destiny—actual barrenness is rare—comforting words to childless women.

Many women are denied the happiness of children simply because of some curable derangement of the generative organs. Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is overcoming cases of supposed barrenness. Thousands of children owe their existence to Lydia E. Pinkham's Vegetable Compound. This great medicine is so well calculated to regulate every function of the generative organs that its efficiency in this respect is vouched for by multitudes of women.

Nine Years Without a Child.

"DEAR MRS. PINKHAM:—We had been married nine years and never had children, and now we have a little baby girl nineteen months old, the joy of our life. She owes her existence to Lydia E. Pinkham's Vegetable Compound."

"Before taking Lydia E. Pinkham's Vegetable Compound I was a constant sufferer. I had pains in my back and sides, especially before menstruation. I had doctored but received no benefit. Hearing so much about the Vegetable Compound I decided to try it, and after taking six bottles was cured."—Mrs. T. H. GOULDER, 1233 Nevada St., East Toledo, Ohio.

"DEAR MRS. PINKHAM:—I wrote to you a year ago telling you of my troubles. I had pains in the ovaries, menses were painful, and I had never borne children."

"You answered my letter and I followed your advice. I was completely cured. Have just given birth to a fine, healthy babe, and during childbirth had a very easy time."

"Lydia E. Pinkham's medicines are a God send to women who want to be mothers."—Mrs. SCHULTZ, 12 Luzern St., Brooklyn, N. Y.

Many women whose letters we print were utterly discouraged, and life lacked all joy to them when they wrote Mrs. Pinkham, Lynn, Mass., without charge of any kind. They received advice which made them strong, useful women again.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.

ION. JOHN H. CLARKE WILL ADDRESS THE PEOPLE OF ALLEN COUNTY OCT. 6th.

AMUSEMENTS.

"When the Bell Tolls"
"The Middleman"
"Way Down East"
"Slaves of the Mine"

Aristocratic Burglar is one of the best drawn characters in the play "When the Bell Tolls" which will be given at Faurot opera house tonight. One of the most effective scenes in this successful production is a completely darkened room in which the entire action of a stirring play takes place in the condensed brilliant ray of a bicycle lantern. The play is full of novel and the plot is intensely interesting.

Offering of the Faurot opera on Monday night will be that play by Henry Arthur Jones,

The Middleman originally introduced American public by the famous actor Mr. E. S. Willard. Mr. A. Moore who so successful

ly managed Mr. Willard's tours has, in the present undertaking, engaged the services of Mr. Henry Lewis an actor well known for his strong character work to personate the principal role in the play, Cyrus Blenkman. The supporting cast is made up of several members of Mr. Willard's former company. All of the scenery and mechanical productions will be used.

The Faurot opera house will have as its attraction for Wednesday evening, Sept. 30th, "Way Down East."

To any person other than the advance agent the preliminary announcement would be quite sufficient for "Way Down East" as is familiar to the theatergoer as to the players themselves, and will undoubtedly continue to be a welcome visitor for several years to come.

"Way Down East" was written by Lottie Blair Parker, elaborated by Joseph R. Grismer, and produced by William A. Brady. The characters of Mrs. Parker's play are ordinary, human folks, very unlike the volume of epigrams found in dress suits and dubbed "human" by the writers of modern society comedies. Their humor is the humor of ordinary folks, and their pathos is the pathos of men and women who have not been self-schooled in the stoical philosophy of Zeno. Above everything, their stories are every-day stories, often dramatic but never theatrical. Anna Moore, the young girl who has been deceived by a mock marriage and has come to the home of Squire Bartlett for shelter, is the embodiment of countless well remembered mothers and sisters, quiet clinging, affectionate and useful about the house. Thoroughly human too, is gentle patient Mrs. Bartlett, and equally human the Squire, a genuine admixture of Nathaniel Berry and Dunstan Kirke. Honest farm boys, such as invalid Bartlett are not

rare, nor, unfortunately, are gossips like Martha Perkins, and unscrupulous dandies like Lennox Sanderson. If Hi Holler, the Pickwickian chore-

boy, Professor Sterling, the butterfly catcher, and Constable Whipple, who represents the majesty of the law, are a little bit overdone, no one who recalls the merriment they occasion will blame the author.

The company to be seen at Faurot's opera house is the big aggregation and the piece will be staged here precisely the same as at the academy of music, New York City. Persons who have witnessed the performance will remember that every person in the cast is qualified for his or her special role.

Something very strong and new as well will be given at the Faurot opera house next Friday night, Oct. 2, in "Slaves of the Mine," a comedy drama by Daniel L. Hart and C. E. Callahan. Mr. Hart is a young Wexbarre journalist and the author of "The Parish Priest," the brilliant play in which Daniel Sully is starring and Mr. Callahan is credited with writing "Coon Hollow" and "Foggy Ferry." "Slaves of the Mine" contains the same witty flow of language which characterizes Mr. Hart's

other piece and has, besides, a bustling plot, strong climaxes, and a scenic thriller in the explosion of a mine from fire damp. In the mine scene there is a real elevator or cage built by the Reedy Elevator company, which the characters use in entering and exiting, real coal cars, etc.

Roselle Knott, who is to star this season in "When Knighthood Was in Flower," has been spending her vacation at her home in Hamilton, Canada. After her return to New York to begin rehearsals, she took time from her busy preparations to tell the following story of a Canadian bishop, who is well known for his broad Scotch accent as well as his belief that it was not perceptible.

"The bishop received a visit one day," said Miss Knott, "from a brother Scot, whom he had not seen for several years. They were soon en-

gaged in earnest conversation, and finally the bishop asked, 'How long have you been in Canada?'

"About six years," was the reply. 'Hoot mon,' said the bishop, 'why hae ye na lost your accent, like myself?'

Charles Warner the English actor, who is to present a version of Zola's "L'Assommoir" entitled "Drunk," in this country will use as a curtain raiser a dramatization of "The Man Who Was" one of the best short stories that Kipling ever wrote.

Kathryn Osterman, who is the star of "Miss Petticoats" was granted the stage rights by the publisher of the book, the C. M. Clark Co., from a large number of stars who sought the play on account of the excellent opportunities afforded by the complex character of the heroine.

OHIO CANAL ASSOCIATION

Will Launch a Movement to Have Legislature Deepen the Ohio Canal.

Columbus, O. Sept. 26.—At the meeting of the Ohio Canal Association at Zanesville Monday, an organized movement will be launched to induce the next legislature to provide for deepening the Ohio canal from Cleveland to navigable waters in the Muskingum river to a depth of five feet. This would float a 100 ton barge. The movement is to be preliminary to the one sent the general government to make a nine foot canal from Dresden to Cleveland which would allow lake barges to pass down to New Orleans by way of the Ohio river.

NOVEL METHOD OF RESTORING.

Prussian Master of Horse Advocates Sunday Racing and Permitting of Bookmaking.

Berlin, Sept. 26.—Count Von Lehndorff, the Prussian master of the horse, has reported to Emperor Wilhelm that the climate and food conditions make German horses inferior to the English and French horses, and that therefore, a full regeneration of the German stock cannot be too quickly brought about by importing stallions. Much of the horse food used in Germany, is now brought from America. Count Von Lehndorff suggests popularizing horse raising by permitting bookmaking and Sunday racing.

Krause's Headache Capsules are unlike anything prepared in America. MRS. WEBER TELLS HOW SHE WAS HELPED WHEN DOCTORS FAILED.

She Let Her Trouble Become Chronic Because She Hesitated to Consult Her Physician—Particulars of a Remarkable Case.

The natural reluctance which every woman feels to consult a physician regarding troubles peculiar to their sex caused Mrs. C. Weber, of No. 7635 South Front street, Columbus, Ohio, let her illness run on until it became chronic, and even the excellent doctor whom she employed could give her no relief that was permanent. She writes as follows concerning a case that will interest hundreds of women and every husband whose wife is ailing.

"I felt the trouble a long time before I went to our doctor, perhaps a year or more. When I did consult him he told me I had female trouble and that my ovaries were affected. I felt sharp pains through my stomach and could not walk across the room without suffering agonies which I cannot describe. My head ached so that it fairly thumped and at times it seemed that I would go crazy. My stomach became so weak that it would retain only the lightest food week after week. I took the doctor's medicine but I continued to feel worse and worse. On several occasions I was confined to my bed for a week at a time. My weight decreased to 102 pounds and I seemed a confirmed invalid."

"One day I read of a case similar to mine that had been cured by Dr. Williams' Pink Pills for Pale People and, although I did not have much confidence in taking the pills, having already continued my doctor's treatment. While I was taking the second box I began feeling a little better and the improvement continued until I was cured. The pains disappeared, my appetite and digestion improved and in a few months I had recovered my health and strength and weighed 132 pounds. I have recommended Dr. Williams' Pink Pills for Pale People to several people and I know that they took them with good results."

No discovery of modern times has proved such a blessing to women as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health in the exhausted patient when every effort of the physician proves unavailing. These pills are sold in boxes at 50 cents a box or six boxes for \$2.50 and may be had at all druggists or direct by mail from Dr. Williams' Medicine Co., Schenectady, N. Y.

The remaining three which belong to the Washburn-Crosby Co., will be closed down as soon as the wheat in the bins is run out. It was part of the plan of the strikers to leave every mill in good condition, with the wheat all run out. They are satisfied with the action of the operatives in the mills still remaining. THE WEATHER.

Washington, Sept. 24.—For Ohio:
Fair tonight except showers in north-
east portion, cooler in northwest por-
tion; Sunday, fair, colder, brisk to
high southwest to northwest winds.

It was very fitting that Parmenter,
who has always led the anti-Hall fac-
tion should make Quail a presenta-
tion speech.

In the list of contributors to the
fund with which admirers bought
George Quail a desk, the careful
reader fails to find the name of either
Hall Rumbaugh or Verner.

It certainly would be a grand
thing to have a unity of churches,
and particularly a harmony of religious
belief in which all could find comfort,
but there is seemingly one bad feature
connected with the proposition. Like
the combination of business lines, it
would throw some of the employees
out of position.

A SUGGESTION.

Shaw's turning loose of \$20,000,000
to the banks, and the anticipation of

money market relief, proved an ab-
solute failure. In the very face of it,
stock quotations crumbled through-
out the entire week, and today's close
saw the whole market undermined.
This having failed, we recommend to
the secretary of the treasury, that he
go further with the paternalism of
his party toward all trusts, and when
any of them exhibit a weakness on the
exchange because of over-capitaliza-
tion and manipulation, he take all
their stock and bonds as collateral, at
seventy-five per cent of their face
value.

TIME FOR ACTION.

Who are the members of the Ohio
canal commission, which meets Oct.
5th, to formulate a plan of attack on
the canal legislature for the deepening
of the canal running from Cleveland
to the Muskingum river? Do they
all live in eastern Ohio? Are they
all under the domination of Dick, who
is at the head of the movement? Do
the people of western Ohio want the
Miami and Erie canal abandoned as a
water course, and turned over to Geo.
B. Cox and associates for steam and
electric transportation purposes? If
not, it is time there was concert of
action in all the towns from Toledo
to Cincinnati, and there is no bet-
ter way to begin it than to send de-
mocrats to the legislature, who will not
do the bidding of the Cox gang.

HOME RULE AND THE FARMER.

For the last dozen years, the self-
seeking leaders of the republican party
have been constantly striving to
take away the sovereign power of
self-government from the people and
center it in the legislature at Colum-
bus. The legislature in turn has been
dominated by the hired lawyers and
lobbyists of tax dodgers and franchise
grabbers. The democratic party con-
tends on the contrary that the time is
past when the cities, villages and
counties of Ohio are to be held in the
hollow of the legislature's hands, and
to have the administration of their local
affairs subject to the whim and
caprice of party bosses.

The democratic party holds that the
votes of the agricultural countries
know best what they want, in the
way of county, town and village gov-
ernment. They know best how much
they wish to pay their party officials.
We hold that neither they nor their
representatives care to participate in
the government of the big cities. We
hold that laws should be enacted, and
the constitution of the state changed
if necessary, so that each school dis-
trict, each town, each village and each
county shall have absolute home rule.
The people themselves are rather to
be trusted to work out their own sys-
tem of government for themselves and
for each community, and each com-
munity for itself, than a handful of boss-
ruled, party-dashed members of the
general assembly.

Under the present system if the peo-
ple of any county want to build a
court house or a bridge they cannot
do it until they first go to Columbus
and ask permission of the repre-
sentatives of all the other eighty-seven
counties of the state. What does the
senator from Lucas county know
about the needs of a new wagon
bridge in Guernsey county? And why
should the statesman from Pike coun-
ty be consulted on how to run the fire
department in the city of Cincinnati?
Each county, city and village, having
chosen its own form of government
under the sanction of the general law
by the state, would be secure against
any changes except those which the
people of the locality itself might vote
for. Any such a ripping up of the
cities and towns of the state as was
inflicted upon the taxpayers by the
special session of the last legislature
would be impossible.

ral Cotton commanding the European

MARKETS.

New York, Sept. 26.—Urgent liqui-
dation was resumed in the stock mar-
ket towards the latter part of the
week. The crumbling of prices of the
U. S. Steel securities and the reports
of curtailment of production and re-
ceding prices in what undermined the
whole market.

The heaviest liquidation came from
out of town sources and was attributed
to the developments in the iron and
steel trade, to the collapse of
Consolidated Lake Superior Co.
and to commitments in enterpri-
ses having a similar struc-
ture. Favorable news regarding
the crops, railroad earnings and the
money market relieved measures of the
U. S. treasury was totally ignored.

The close of the opening market
was irregular and declines predomi-
nated over gains, but were of such
moderate proportions as not to awak-
en a panic. A fall of 5-8 in St.
Paul marked the maximum of the
losses. A rise of nearly a point in U.
S. Steel, prd, also had a reassuring
effect.

Prices turned upwards after the
first few minutes of trading, but the
advance did not proceed far, heavy
selling of U. S. Steel preferred caus-
ing heaviness again. U. S. Steel pre-
ferred reacted and bonds fell off to
70%. Common was comparatively
dull and maneuvered very narrowly.
The general list ran rather more to
the specialties than to standard stocks.
Brooklyn, Transit, Man. Gen. El. Rep.
Steel, preferred 1/16. St. Paul and
Nash. St. Louis and Southwestern
and B. & O. fell a point under last
night and the whole market turned
weak at 11 o'clock.

The market hardened until after
the appearance of the bank statement
which was regarded as favorable.
Liquidation was renewed, however,
at several points. The selling on U.
S. steel preferred, which fell to 60%,
B. & O., which lost 2 1/2, and the local
tractions, Brooklyn Transit losing 4 1/4.
Met. St. Ry. 3 1/4, and Manhattan 2.
Declines of 1 to 1 1/4 were numerous in
the active list, and Louisville fell 2 1/4.
Among the specialties Dock preferred
dropped 7 1/4, U. S. Express 4 W. & L.
E. first preferred, and the second
preferred 5 1/2. The close was covering
room shorts at the decline, which
caused a rally but the closing was
unsettled and irregular.

NASHVILLE HAS BEEN ORDERED TO

Sail to St. Andrews to Protect Large American Interests Which Are Threatened Because Local Authorities Will Not.

Washington, Sept. 26.—Additional information obtained at the state department about the trouble near Bluefields, Nicaragua, is to the effect that a number of American citizens have suffered ill-treatment on the island of St. Andrews, forty miles from Bluefields, in that the local authorities have failed to afford them protection or redress. The matter was reported to the state department by

Edwin W. Trimmer, the American agent at Bluefields, and at his suggestion, the Nashville has been ordered from Pensacola to St. Andrews. The American's involved are connected with a plantation at St. Andrews. The state department officials say they do not anticipate serious trouble, but the evident inability of the local authorities or their unwillingness to maintain order, makes the presence of an American warship desirable.

REV. M. M. FIGLEY.

Universal Regret at His Departure.

His Work a Benediction to the Church and to the City of Lima.

The deep hold Rev. Figley had upon the congregation he served for the past three years, was not fully known until his departure to another field of labor was announced. The regret is universal among members of the church, and the general public. To all who witnessed the spontaneous outpouring of Lima's Methodists at Trinity church parlors, last evening, to render a parting expression of regard, there could be but one verdict, the popularity of Mr. Figley, and the regret at his departure.

There was no reason for the change, but Mr. Figley is loyal to the church, and obeys the powers that authorize the transfer.

An excellent program was rendered at the reception last evening—a fine selection by the choir, and a beautiful vocal number by Mrs. Wells, and one by Mrs. Ebersole. Their selections were highly appreciated. Misses Povenmire and Badeau, rendered a well selected duet, and Miss Ebersole, a piano number. All present were also delighted with the brilliant solo of Mr. Lull—always good—always welcomed. After these exercises, Supt. C. C. Miller gave a brief talk, expressive of the regard in which the church and community hold Rev. Mr. Figley.

The many expressions of regret and the cordial well-wishes of his friends, took tangible form in a number of substantial gifts, among them, a chair of exquisite workmanship, which was presented by Mr. Lull.

in a speech full of heartfelt expression.

Rev. Figley leaves Trinity church in a most excellent condition, the edifice repaired and improved throughout. All debts of the church are fully paid, and there is a neat bank account to the credit of the treasurer. The congregation is united and happy—all working together for the cause of the Master.

Van Wert will gain all that Lima loses, and we predict for them, in their church relations, even greater success than Trinity had had under the wise leadership of Rev. Figley.

Rev. Albert Cooper, of south Cincinnati, returns to Lima from

Kentucky to attend the meeting of the Christian Missionary Alliance meeting held at their church south of the bridge on Main yesterday. He was holding meetings at Mt. Victory, Kentucky, a couple of weeks ago and had a rather exciting experience. A crowd of over a thousand had gathered at the tabernacle when a bully started a "rough house" by parading through the crowd brandishing a deadly looking fire arm. A constable and two men by the name of Richmond were shot and in a few minutes there was no one left but the minister and a few followers. The disturbance broke up his meeting there for the present.

A CLEVER ILLUSTRATION WITH CONCLUSIVE PROOF.

There is an old formula in philosophy which says that no two things can occupy the same place at the same time. As a simple illustration, drive a nail into a board and you will find with every stroke of the hammer, the nail will force aside the particles of wood into which it is being driven, finally making a place for itself, and proving that the nail and the wood do not occupy the same place at the same time.

DISEASES OF THE KIDNEYS AND BLADDER and Dr. David Kennedy's Favorite Remedy cannot occupy the same place at the same time. If you are troubled with frequent pains in the back, if your urine stains linen, if you urinate frequently during the night, and a burning pain accompanies its passage, your kidneys and bladder are in bad shape and should be treated at once.

Every dose of DR. DAVID KENNEDY'S FAVORITE REMEDY slowly but surely pushes aside some of the particles of the diseased tissue of the kidneys and bladder, liver blood, rheumatism, dyspepsia and constipation, until they completely disappear. Do not lose faith or find fault, if you are not entirely cured by one bottle, because if these diseases have fastened their grip on you the longer and harder it is to drive them away.

Druggists sell it in **NEW 50 Cent Size** and the regular \$1.00 size bottles. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rochester, N.Y.

DON'T

Want Preacher Sent Back.

A Sidney Man

Engaged in Saloon Business Makes Plea

To U. B. Conference to Protect Him in His Traffic.

Letter Is Referred to Anti-Saloon League of Ohio. Reports Show Church to Be in Prosperous Condition.

The Bucyrus Forum contains the following account of Thursday evening and Friday's proceedings in the Sandusky U. B. conference.

The chief interest centered in the gospel sermon preached by Bishop Kephart. He spoke earnestly and forcibly on the general topic "Seeking the Lord." He counseled an early coming to Christ, emphasizing the scriptural command "Remember now thy Creator in the days of thy youth while the evil days come not nor the years draw nigh, when thou shalt say I have no pleasure in them."

A vocal duet by Prof. and Mrs. Montgomery and a solo "I Want to Be There" by Prof. Montgomery closed this valuable meeting.

The Friday morning session opened with the usual devotionals and a number of reports were heard.

The report of Rev. S. H. Raula, pastor of the Preachers' Aid Fund was given. The fund is reported as in a good condition, about \$1,000 being in the treasury.

Further reports on Ministers' Study Courses were heard. Another matter of interest of the morning was the raising of two hundred and fifty dollars in cash toward the erection of a new church at Atlanta. The afternoon session was opened by prayer and song led by Rev. Counsellor and Prof. Montgomery.

A letter of protest to the bishop signed by a synodical letter of Sidney was read asking that Rev. W. Z. Roberts be not returned to Sidney as the saloon keepers of the town would be forced to close if such was the action of the conference. The letter was received with much and great applause and Rev. W. Z. Roberts was called upon to answer the charge but was too modest to even notice the matter. It was moved and adopted that the letter be sent to the secretary of the anti-saloon league.

The committee on Church Election through its chairman gave an excellent report stating that the society had aided in erecting three hundred and eighty five churches and parsonages at an expenditure of two million dollars. Interesting discussion followed the report of this committee. Dr. Miller of Dayton delivered the report of the committee on Church Federation.

He spoke first of the resignation of Rev. F. P. Rosselot from his pastorate of the Toledo Memorial church to enter the evangelical work of the denomination in the state wishing him Godspeed in his new duties. Dr. Miller emphasized finally the advantages of church federation. The proposed organic union is not to be founded with that of the federation of churches. The local and national federation of churches is for greater usefulness and does not affect the denominational work of any church.

Fraternel delegates were then named as follows: Revs. B. R. Miller for F. P. Rosselot and A. M. Smith. A. H. Laughbaum gave the report of the committee on Boundaries which was adopted.

The matter of the organic union of the Protestant Methodist Congregational and United Brethren churches, cannot be decided upon at this conference, the matter can only be favorably reported upon to the general conference of the church which will convene next year. The General Conference alone has the power of dissolving the union.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too full, or easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness, wait in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. THE DREADED CLANG

of the ambulance bell that is so frequently heard could be frequently obliterated, remarked the Romoc man.

You see it is just this way, nine out of ten people who are overcome by fainting spells, vertigo, weakness, palpitation of the heart and many other ills that cause unconsciousness are the victims of indigestion.

Indigestion is not always indicated by severe pains in the stomach. It is such symptoms as I have described above that indicate its presence and are often the first warning that the stomach does not work right.

If more people would only take that greatest of Nature's remedies, Romoc, there would be less stomach disorders. Like all of Nature's remedies, Romoc acts directly on the seat of the trouble. No harm ever follows its use as is the case when remedies containing injurious drugs and alcohol are up this great life centre of the body, and, what is more, it purifies the blood, strengthens the nerves and creates a healthy, normal appetite.

Want you please buy a bottle of Romoc, on my assurance that it will do you good and you will become one of the many in this city who advocate the use of this harmless yet potent medicine.

TOM,

The Texas Leaguer,
in Line-up

For the Game

To Be Played Here To-
morrow.

Strong Team of Well Known
Lima Players Has Been
Organized

To Meet Sidney Tomorrow and Cin-
cinnati Reds Monday—Three
Games Scheduled for
Tomorrow.

Manager McVey Lindsay, of the new Lima base ball team, has secured Tom Railing, to appear as one of the stars in the games to be played at the new grounds near the Simon's brick yard, on the Spencerville road tomorrow and Monday. Railing is an old Lima boy, who worked at the printer's trade in this city two years ago and who, this season, was the star pitcher in the Texas league, winning nearly all of the games he pitched during the progress of the league schedule, and winning the game he pitched for the Dallas team in the pennant series. He made many brilliant plays at critical times, both on the slab and at the bat, during the season and his many old friends here will be glad to take advantage of the opportunity to see him on the diamond.

Railing is expected to arrive here from Decatur, Ind., this evening, and in tomorrow's game, of Lima against Sidney, he will play second base and in Monday's game, Lima against the Cincinnati Reds, National League team, he will pitch.

Mr. Lindsay's Lima team is now made up almost entirely of Lima talent, and the following line-up for tomorrow's game is a strong one:

R. Welsh, s. s.; Roy Sealts, c. f.; Ed. Rauchart, r. f.; Harry Lawlor, 1st b.; Mert Sealts, 3 b.; Frank Sealts, c.; Van Anda, p.; "Lefty" Hontz, l. f.; Tom Railing, 2u b.; Kingseed, sub.

The Arcade and City Transfer teams will meet again tomorrow on the Haller street grounds, and the Lima Giants and Junior Giants will meet on the Berryman farm grounds.

The Professionals.

There were no National League games yesterday, and the Reds played an exhibition game at Greensburg, Ind. The Reds won, defeating the Hoosier team 6 to 1.

FOR MEN.

First of Series of Popular
Sunday Afternoons.

Orchestra Concert, Bible Classes,
Luncheon and Address by Rabbi
Max Wertheimer.

You are cordially invited to be the guest of the Young Men's Christian Association, of Lima, Ohio, from 3 to 6 p. m., Sunday, Sept. 27, 1903, at the first of a series of popular Sunday afternoons, which are planned to continue through the season.

Many men find it difficult to satisfactorily employ their time from 3 to 6 p. m., on Sunday. Practically everyone recognizes that he knows too little about the bible.

To meet these two points, the association will provide a series of events each Sunday, from Sept. 27, that promise to be thoroughly pleasant and popular.

To begin with, there will be an informal musical program at 3 to 3:30, with excellent music in reception hall. From 3:30 to 4:30, an address to men, by the best speaker available, in association hall. From 4:30 to 5:15, six different bible classes. At 5:15, supper will be served. After supper, those present will have an opportunity to circulate about the building, and get better acquainted with each other. The building will close at 6:45 o'clock.

Usually, the supper costs each person 10 cents, but the first Sunday it will be provided without charge.

Some people doubtless will come and go during the afternoon, but if you cannot attend the entire program, we urge you to attend the classes.

The whole affair is a big innovation, and promises to be exceedingly popular. We hope to have you with us.

Business men, shop men, mechanics, clerks, carpenters, in fact, every man who wants to come, is urged to attend the following programme:

In reception hall, 3 to 3:30 p. m. Concert by Watson's Orchestra.

March—The Lowell Diamond March E. H. Frey; Overture—Poet and Peasant, F. Supper; Selection—The Prince of Pilsen, Gustav Luders; Overture—Madonna, Theo. Moses.

In association hall, 3:30 to 4:30 p. m. Address to men, by Rabbi Max Wertheimer, of Dayton, O. Subject—"Does it Make Any Difference What You Believe." Chorus singing conducted by Prof. Lull.

In class rooms, 4:30 to 5:15 p. m. Six bible classes, led by six prominent men in business circles: Thos. H. Jones, Dr. L. Hudson, H. V. Chase, A. Little, L. H. Kibby and W. S. Shepard.

At supper, 5:15 to 5:45 p. m.—Cold ham, home-made bread, fruit, cake, coffee.

Bridget Donahue was the name given by a strange woman whom officer Sullivan arrested at the P. Ft. W. & C. depot last night. The woman was intoxicated and after being given quarters in the county jail over night she was arraigned in mayor's court on the charge of drunkenness. She pleaded guilty and paid a fine of \$8.50. Policeman Sullivan states that while the woman claimed her name was Donahue and that she had just arrived from Ireland, she was not of Irish nationality and was not an immigrant.

Forbes Bailey, 15, and Robert Hariboldt, 14, were arraigned before the mayor this morning, charged with stealing some rabbits belonging to B. F. Adams, of Miller avenue. Young Bailey pleaded guilty. Hariboldt pleaded not guilty, and neither case has yet been disposed of.

County Clerk's Report Shows
an Average of Three
Divorces a Week.

Fall Term Will Offer Judge Cun-
ningham a Chance to Separate
the Good From the Bad—
Other Legal News.

County clerk Edwards has been in office for seven weeks, and during that time, the records show that twenty-two divorce cases have been filed, twelve of the complainants being wives, and ten husbands, who have found married life incompatible.

The average is about three a week, and the records show that most of the cases being to light parties who were married outside of Allen county. The latest of these is the case of Ida Hefner vs Jacob Hefner, which was recorded yesterday afternoon, and another case is released from the "don't publish".

Causes for Divorce.

September 22 a divorce suit was begun under the "don't publish" card, but it was done for the purpose of getting service on the defendant. The complainant is Wm. Bolger, who was married to Emeline Bolger in August, 1894, and they have two children living. The plaintiff has a long list of causes which have led up to a final separation.

Extreme cruelty is made the basis of a petition filed by attorney R. R. Kennedy, an out of town practitioner. He lays the foundation to a disagreeable temper and jealousy. The petition states that the defendant frequently humiliated his relatives, threatened to take her life and those of the children and the trouble resulted in a final separation on the 16th of last June.

In summing up his grievances, Bolger says that his wife told him she was sorry that she married him, and on one occasion threw away the wedding ring. She ordered him from the house, slapped him in the face and finally had him arrested on the charge of desertion, compelling him to spend five days in the jail of Cuyahoga county. His imprisonment caused him to lose a position as traveling agent for the Goshen Shirt Company, of Goshen, Ind. He asks for a divorce and custody of the two minor children.

Goes Back Again.

John Stien, of Spencerville township, has been pronounced insane and application has been made for his admittance for the second time to the asylum at Toledo. Stien was taken up a year ago last July, but was later released, but has recently developed symptoms of his old and dangerous malady.

Defendant Leaves.

Samuel Kern is made defendant in a paternity suit filed by Forest Neuman, who has retained Attorney T. R. Hamilton, to prosecute her suit. The defendant, according to the petition, has left for parts unknown. The action was brought originally before Justice Hauenstein, of Richland township.

Sues For Her Wages.

Lydia Shell vs Peter Driver, is the caption of a petition filed this morning, the claim being made for \$1283, which the plaintiff says is due her for work and labor, covering a period from Nov. 1st, 1893, until May 1st, 1903.
